

tango's Home Health Provider Directory

Welcome

This directory provides a list of tango's current in-Network providers who are available to you for covered skilled home health services. This directory is designed to make it easy for you to find in-Network home health agencies near you.

Some providers may have been added or removed from our network since this directory was posted. Tango provides an up-to-date directory on a quarterly basis, and makes necessary updates within 30 days of a provider change. We cannot guarantee that every home health provider is accepting new members.

To get the most up-to date information about participating providers in your area, you can visit <https://providerfinder.tangocare.com/>. For any questions about the information contained in this directory, please call our main customer service line at 1-888-705-5274 for assistance.

How This Directory is Organized

This directory lists each home health provider who is currently in-Network with tango. You will find their business name, provider type, NPI, address, phone number, CMS rating (if available), and additional provider information as applicable. Providers are listed in alphabetical order.

Introduction

tango is a leading Post-Acute Management Services company enabling payer and provider strategies to ensure patients receive high quality care at home.

When we select providers to participate in the tango Network, we partner with qualified skilled home health professionals to ensure there is an adequate number of providers to meet our member's home health care needs.

We build our network by reviewing demographic data about members, as well as contracting and credentialing providers based on quality, member experience, and member safety.

Services Covered

Tango's delegated services include the following:

Skilled nursing services – on an intermittent/part-time basis
Home health aide services – on an intermittent/part-time basis
Physical therapy – on an intermittent/part-time basis
Occupational therapy – on an intermittent/part-time basis
Speech-language pathology – on an intermittent/part-time basis
Medical social work – on an intermittent/part-time basis

**Please note that while tango does not authorize behavioral health, respiratory therapy, or home infusion therapy nursing services, we can provide you with contact information for providers offering these services.*

A home health referral is required to receive services by one of our in-Network skilled home health providers.

Home Health Placement

To receive home health services through tango, members must have a home health order from a licensed MD, DO, DPM, NP, or PA, specifying the need for home health care with appropriate ICD-10 diagnoses codes.

The request typically requires current patient progress notes. In most cases, patients do not incur additional costs for skilled home care through tango. Eligibility is based on the member's health plan.

For questions call our mainline at 1 (888) 705-5274. If you are a provider and want to submit a referral for placement, please go to our website <https://referralrequest.com/>.

If you are a home health provider looking to join our Network, please complete the Join our Network form located on our website here <https://tangocare.com/providers/join-our-network/>
